

## VSB-048 | VSB-060

The ValuSweep® brooms are the most economical cleanup attachment for lift trucks. They are the low maintenance, cost effective choice for light to medium-duty sweeping of any interior surface. The brooms are available in 48" and 60" widths. Each broom features five rows of brushes and is an economical and effective way to sweep trash, dust, wood and other debris. The ValuSweep brooms feature a unique Quick-Tite locking system that allows them to attach to most lift trucks on the market.

### Features:

- 5 reversible polypropylene brush sections
- Simple brush replacement system
- No moving parts
- No flying debris

### Applications:

- Warehouse
- Truck Docks
- Plant/Shop Floor
- Shipping/Receiving Areas
- Recycling Areas
- Lumber Yards
